---

When parking anywhere, the best deterrent against larceny from vehicles is to secure all personal items of value out of sight in your trunk or other non-visible location. Securing your property before leaving your vehicle makes your vehicle less attractive to would-be thieves.

You are also encouraged to be alert to your surroundings.  
If you see suspicious activity, immediately dial 911.  
Don't assume others are making the call.

These crime prevention tips are offered as a reminder and to enlist your help as a community partner in our efforts to reduce opportunities for criminal activity.
