## **Art | Everywhere Ends its Successful Run in Style – Next Year to be Part of Virginia Arts Festival Calendar**

*June 23, 2010*

Art | Everywhere, the Downtown storefront art initiative that transformed over thirty empty store windows into temporary art galleries for the past two months, is coming to the end of its run.

But the project isn't ending here. We are pleased to announce that Art | Everywhere will return next year and be recognized as an official part of the Virginia Arts Festival.

"Incorporating more of the visual arts on the Virginia Arts Festival calendar has always been a goal. Both the uniqueness of Art | Everywhere and the quality of the exhibit make this a great partnership for us," said Rob Cross, Executive Director of the Virginia Arts Festival.

We are closing Art | Everywhere 2010 in style with festivities on July 1<sup>st</sup> from 6pm to past midnight. There will be an opening reception, musical performances by Skye Zentz and friends, a comedy show, an open mic poetry reading, and a set by the Pawn Shop lifters (details on page 2).

Part of what made opening night so special was the spontaneity of the performers in the streets. On closing night, we've invited even more musicians and street performers to come out and help give Granby Street the kind of magical energy that drew out hundreds of people to the opening.

Art | Everywhere is a collaboration between the Downtown Norfolk Council, Grow Interactive, AltDaily.com, and re:vision Norfolk.
